

PRESS RELEASE

Starlight Capital hits the market with its first mutual funds and ETFs

Toronto – September 27, 2018 – Today, Starlight Investments Capital LP (“Starlight Capital”), an independent Canadian asset management firm, became the country’s newest mutual-fund and ETF provider. Starlight Capital’s initial mandates will focus on providing differentiated solutions around underrepresented sectors in Canadian investors’ portfolios, beginning with real assets.

Starlight Capital believes real assets, like real estate and infrastructure, provide unique portfolio diversification opportunities, and are a source of regular and growing cash-flow streams, capital appreciation and inflation protection. The **Starlight Global Real Estate Fund** and **Starlight Global Infrastructure Fund** provide investors with access to publicly listed global real assets through concentrated portfolios of high-quality businesses. The mutual funds and listed **ETFs (tickers: SCGR and SCGI)** will be available to investors beginning October 2, 2018.

Dennis Mitchell, CEO & CIO of Starlight Capital, brings over 15 years of investment industry experience and has managed more than \$3 billion in assets over the course of his career. His disciplined investment approach has resulted in a long-term track record of delivering strong risk-adjusted returns.

“I am extremely proud of the hard work our team has put in over the last 6 months. This firm is our collective passion and we are all excited to be able to introduce Canadian investors to Starlight Capital,” stated Dennis.

Graeme Llewellyn, CFO & COO of Starlight Capital, brings over 15 years of investment industry experience, including finance, operations, information technology, project management and client service. Under his guidance, Starlight Capital has built a nimble and scalable infrastructure platform to provide outstanding support to advisors across the country.

“Our partnership with Starlight Investments has been invaluable and their backing has allowed us to build a robust client service platform that advisors will appreciate,” said Graeme.

Starlight Capital was launched in March of 2018 and is the fourth business line of Starlight Investments, a premier North American real estate asset management firm. Starlight Capital enjoys a strong and synergetic partnership with Starlight Investments, enhancing the ability of both firms to deliver unique, real asset investment solutions to Canadian investors.
